

PRIVACY POLICY

Last Updated: September 16, 2026

1. INTRODUCTION

This Privacy Policy explains how we handle information in our **Google Sheet Toolkit Sidebar Add-on** (the "App"), which provides a sidebar toolkit with icons to perform cell formatting tasks. We are committed to protecting your privacy and ensuring a secure user experience.

2. INFORMATION WE COLLECT AND RECEIVE

Because the App is a local formatting tool, we prioritize your data privacy:

- **Spreadsheet Data:** The App accesses your active Google Sheet solely to perform the cell formatting actions you trigger (such as font adjustments, colors, borders, and layouts).
- **No Personal Data Collection:** We do not collect, store, or transmit any personal data, email addresses, or the actual content of your spreadsheets to any external servers. All operations are executed locally within your Google Sheets environment.

3. HOW DATA IS USED AND PROCESSED

- **Local Execution:** Any data read from your spreadsheet is processed in real-time to execute the requested formatting command and is immediately discarded from the App's volatile memory.
- **Google Workspace Integration:** The App utilizes standard Google Workspace APIs to interact with your spreadsheet.

4. GOOGLE API SERVICES USER DATA POLICY COMPLIANCE

The App's use and transfer of information received from Google APIs will adhere to the Google API Services User Data Policy, including the Limited Use requirements. We do not transfer, sell, or use your spreadsheet data for advertising, analytics, or any other secondary purposes.

5. DATA RETENTION AND SECURITY

- **No Storage:** Since we do not transfer your data to external servers, we do not store any of your information.
- **Security:** We rely on Google's secure infrastructure to run the Add-on and protect your interaction with the Google Sheets platform.

6. THIRD-PARTY SERVICES

The App does not share any data with third-party services. All formatting logic is self-contained within the Add-on.

7. CHANGES TO THIS PRIVACY POLICY

We may update this Privacy Policy from time to time. Any changes will be posted on this page with an updated "Last Updated" date.

8. CONTACT US

If you have any questions or concerns about this Privacy Policy or our data practices, please contact the developer directly through the Google Workspace Marketplace listing layout eeemhan.2020@gmail.com.
